

Der Wald als Rohstofflieferant.

Eine despektierliche Bezeichnung für den Wald, ist der doch an Vielfältigkeit kaum zu überbieten. So gilt er als unsere grüne Lunge, Wasserreservoir, Energiespeicher, Klimagestalter und vieles mehr. Auch bietet er einer Vielzahl von Tieren einen prachtvollen Lebensraum und den Menschen eine wirtschaftliche Existenzgrundlage. So ganz nebenbei ist er auch Produzent unseres Baustoffes, dem Holz. Dieses Holz ist ein unübertroffen vielseitiges Material. Mit ihm lassen sich grosse Bauten aber auch kleine Möbel realisieren, starke Brücken oder feine Zahnstocher herstellen, er kann ein wärmendes Feuer erzeugen aber auch gegen Kälte isolieren. Der Anwendung des Holzes sind keine Grenzen gesetzt. Dieser Rohstoff, mal als Brett gesägt, in Spänen zu Platten gepresst, in Furnieren zu Sperrholz verarbeitet, dient uns als Basis für unsere Produkte. Daraus entstehen die mannigfaltigsten Arbeiten, vielfach auch in Kombination mit anderen Materialien. So sind Metalle, Glas, Farben und Lacke für uns alltäglich. Es bereitet uns immer Freude, die Träume unserer Kunden zu verwirklichen. Ich freue mich, Sie bald bei uns begrüßen zu können.

Ihr Walter Ledermann
